What is a Bike Champion?

- Bike Champions encourage colleagues and friends to try bicycle commuting, especially on Bike to Work Day, and to attend the festivities on Bike to Work Day in The Energy Corridor.

- Bike Champions serve as a resource for new and beginning cyclists and bike commuters in the Energy Corridor. They serve as the point of contact for an assigned bike route.

- Bike Champions agree to have their contact information listed on The Energy Corridor District’s website, and provided to beginning bike commuters with similar routes.

- Bike Champions agree to meet other cyclists at a pre-determined time and location, and cycle with the group along an established route to the Energy Corridor Bike to Work Day celebration at Terry Hershey Park.

- Bike Champions are encouraged to meet and cycle with new and beginning cyclists on the ride home from work on Bike to Work Day.
